Student Information

I am a student transferring to Memorial Hall and I understand that before I can attend classes at Memorial Hall School I must have my foreign grades evaluated by an approved evaluation company (see memorialhall.org for recommendations) if I am transferring 9th, 10th, or 11th grades to Memorial Hall School. I understand that if I do not have grades evaluated for credits, I will need to take courses over again.

I understand that the United States does not have a universal healthcare system for its citizens and foreign visitors to cover medical costs incurred within its borders. Instead, U.S. citizens and non-U.S. citizens use private insurance companies to assist with medical costs. I understand that it is mandatory that I have adequate health insurance coverage while attending school at Memorial Hall and I must provide proof of insurance coverage before I may attend classes.

According to Texas state laws, I understand that I must have a current immunization form in my school file completed by a U.S. physician before attending any classes at Memorial Hall.

I have read and understand the Student Handbook for Memorial Hall School and will uphold Memorial Hall standards while attending classes. I also understand that any rules I may break will be cause for cancellation of my F-1 Visa.

I along with my parent/guardians have read the above references and understand the necessary forms needed for attending Memorial Hall School.
